“ Words cant explain the hurt that im having because my best friend is gone. We had some great memories together, shared lots of stories, jokes....etc. i cant believe this has happened i want to wake up from this bad dream and everything be ok! Brian always talked about some projects he was going to do around his apartment. Im gonna miss being outside at his house texting on my cell phone not paying attention and him always sneaking out the door not hearing him and he scared me. Once i was so scared i threw my cellphone over in the grass and he laughed so much, their i was my heart beating 100 miles a minute and when he laughed i laughed. And brian would grill out and everytime i was down there he would tell his fiance' "we gotta make josh a plate" and now thats all gone :( the bible says "the good lord giveth and taketh away. He gave me brians friendship and brotherly love and i am forever thankful for that. I miss you bro/buddy/forever friend.
