“ I remember she always had a smile on her face. she always made us kids laugh. there was never a dull or bad moment when you were with her. I have always thought she was the most beautiful woman there could be. I wish we all had a chance to start all over and make things new. You will never know how much we all love you. forever rest in peace and happiness! You will be missed and thought of every day. hope you are looking down on all of us from heaven smiling down. wish you were here. i love you so very much eventhough we went through what we all did I thank you for being a wonderful mom through it all. i love and miss you so much its hard to handle. rest in peace beautiful. your daughter loves you.
