“ *I miss my Aunt Pebbles! As a child I could see the sadness even when she was smiling! She always tried to stay strong but something was wrong! I always felt bad for her because I had no idea what was going on and I knew better than to ask but I knew something wasn't right! I don't know what happened to her but the world lost a beautiful person! I am praying for her family and friends especially her daughters and grandbabies! I could not imagine what they are going through right now!*

“ *There is so many memories. People took vacation to the beach when I was growing up. I took mine with my other family. Her and my aunt and my other two sissy's that is what I thought about them. We were so close then I grew up got married had a baby and get up with her. I miss those times. She would say we all grow up. I miss her so bad now so many things I want to say to her and someone took her away from us. She will be forever be in my heart. I love you.*
